To Whom It May Concern:

Jens-Uwe Witter brings old world, professional skill and knowledge to any piano he works on.

He took our old Steinway and transformed it into a treasure. He rebuilt the piano and meticulously restored the soundboard. By doing so, the piano retained its original warmth and tone. He used only the finest German parts, and he set the action to our needs.

The ring of the new German strings, the warmth and tone of this original piano brought back, along with the incredible action, makes this instrument a joy to play.

Thank you,

Mrs. Sheppard
