Dr. Jens Witter
11707 E Speedway Blvd.
Tucson, AZ 85748

Dear Dr. Witter,

I would like to express my appreciation for your excellent work on restoring and rebuilding my 1909 Blüthner grand. The instrument needed major repairs both inside and outside including making the new pin block, repairing and reshaping the resonance plate, full re-stringing, and replacing the hammers in addition to restoring the outside. You have brought this venerable instrument back to life. I am very much impressed with the high professional skill and love with which you have done the work. I admire your attention to the details and to retaining as much of the original instrument as reasonable and possible. The instrument now sounds very well, has strong and full sound worthy of the Blüthner name.

I think I consider myself very fortunate to have my instrument rebuilt by such a fine piano restorer as you who combines the very finest craftsmanship with the scholarly knowledge of vintage pianos.

Sincerely,

Dr. Józef Pacholczyk
Professor Emeritus
former Director of Graduate Studies in Music
