Medical Doctor | Global Health Professional | Gender Sexual and Reproductive Health Advocate

Dedicated medical doctor and global health professional with over five years of experience, demonstrating an unwavering commitment to serving diverse communities. Proficient in healthcare management, quality assurance, and leading frontline initiatives during critical events such as the COVID-19 pandemic and tuberculosis and malaria outbreaks. An advocate for social justice and equity, actively addressing gender disparities, championing reproductive rights, and promoting inclusive healthcare access and delivery

## Key Achievements:

- **Pandemic Response:** Coordinated effective responses during the pandemic
- **Healthcare Quality:** Led quality improvement initiatives in healthcare
- **Practicum Project:** Successfully executed an abortion care project
- **Gender Equity Advocate:** Championed gender equity and sexual health rights
- **Ambassador:** Promoted compassionate and respectful healthcare practices
