

Interview consent form

* Indicates required question

1. Email *

2. Name

3. Email Address *

4. Organization/ Institution *

5. Please select one of the two options below to indicate whether you wish to be identified or anonymous in the study. *

If you choose to be **anonymous**:

1. Personal information collected about you in the Research that can identify you will not be shared with anyone outside the study team.
2. You will be able to request to be identified at any point prior to 25 December 2024, and identifying details may then be included in project outputs.
3. You can request to be identified at any point after 25 December 2024, at which point your details may be included in future outputs.

If you choose to be **identified**:

- > Your name and organisation may be shared in project outputs, and quotes or responses made in the workshop may be attributed to you.
- > You will be able to request anonymisation at any point prior to 25 December 2024, and all details identifying you will be removed from project outputs prior to publication.
- > You will be able to request anonymisation at any point after 25 December 2024, which may not be represented in project outputs but will be made for stored data and future outputs.

6. Affiliation to the organisation *

7. Type of organisation *

8. Short description of your expertise *

9. By confirming your consent below, you agree to the following: *

1. I have read (or had read to me) and understood the interview participant information sheet for this study. I have been able to ask questions about the study and my questions have been answered to my satisfaction.

2. I consent voluntarily to be a participant in this study and understand that I can refuse to answer questions and I can withdraw from the study at any time, without having to give a reason.

3. I consent to a recording of my participation, and for this file to be used within the study. I understand the recording will be transcribed as text by the research team which after verification will be destroyed.

4. My words can be quoted in publications, reports, web pages, and other research outputs.

5. I give permission for the de-identified (anonymised) data that I provide to be used for future research and learning.
