

Anti-Trafficking policy awareness and implementation in East Africa

1. Could you please tell us about the nature of your work, and the connection to human trafficking in the country?
2. What do you think are the key strengths and weaknesses of anti-trafficking legislation and policy in the country?
3. Are anti-trafficking legislation and policy having an impact on society to tackle human trafficking?
4. What do you think are the strengths, weaknesses, or quality of the referral services currently provided for victims/survivors? (e. i. accessibility, process, duration, and restrictions).
5. Do you know of any international protocols that have been integrated in the country? (please name them and the context of integration.)
6. What are the high-priority issues regarding human trafficking that should be dealt with in the country?
7. What changes or reforms do think are needed in legislation or policy to improve the effectiveness in addressing modern slavery and human trafficking in the country?
8. From all the changes you have mentioned, what do you think should be the priorities of legislative or policy reform in the coming years to tackle modern slavery and human trafficking?
9. Are there best practices or important lessons learned from the implementation of legislation or policies to address modern slavery and human trafficking that would like to share?
10. Are there new or recent changes to policies or programs in-process, on negotiation or recently proposed?
11. Is there any other point or issue you want to highlight as important when thinking about the effectiveness of anti-slavery and anti-trafficking policy in the country?
