# Kayode, Favour Damilola

Climate Action Advocate & Storyteller

**Kayode Favour is a Forward visionary whose focus is to create stellar written pieces for social impact. She has worked with organizations to serve as the intermediary between the organizations and their customers - potential and existing. Thereby creating community solutions and services. Favour currently works with Litireso Africa as a Community Associate. With prior experience, she has worked with several community development organizations as the Creative Team Lead, Rapporteur, and also as Trainer. With high-demand skills such as content creation, creative writing, community management, social media management, teaching, and team management. Favour also owns a personal growing Instagram & Medium brand where she curates content relating to climate change, lifestyle, storytelling, and leadership.**

## Key Achievements:

- Trained over a hundred students on public speaking, climate change, and social responsibility.
- Gained authority on several social media platforms as a change-maker and leader.

## Program Milestones:

- Created a flourishing community for a brand from ground zero with an active audience.
- Project Teach & Inspire in my local community
