### **Human trafficking policy engagement research in East Africa Survey Information Sheet for participants**

You are invited to participate in a research study on the adoption integration and actualization of the different anti-human trafficking policies and legislation in East African Countries. This study is being conducted by Smart Talk Cafe in collaboration with Global Initiative Against Transnational Organized Crime. We wish to engage you because of the direct relevance of your professional engagements in the anti-trafficking efforts in East Africa. This information sheet will provide detailed guidance on the purpose, process, and protocols in regard to the survey. **Please do not hesitate to ask if there is anything that is not clear.**

#### **What is the purpose of this research?**

This research aims to determine the anti-trafficking policy gaps, and strengths especially when it comes awareness and its implementation in East Africa (Rwanda, Kenya and Uganda). The key is to understand the prevalence estimation in regards to those affected thus the survivors, their families and secondary duty berries. We will also look into the connection between the implementation of the existing policies and the service provision in named countries. The research will also look into prevention, protection and prosecution in relation to human trafficking in regards to government and civil society in East Africa. We are interested in finding out about priorities for anti-trafficking legislative or policy in the named countries and East Africa as a region and also look at reforms that are needed by key actors. The information from this study will help in the development of key strategies that will help in the eradication of root courses when it comes to human trafficking, the knowledge base of key stakeholders in the human trafficking sector thus in regards to existing laws, acts of parliament, and policies
