

*One face looks out from all his canvasses,
One selfsame figure sits or walks or leans;
Christina Rossetti, In An Artists Studio*

The Artists' Studio, JUNE 5-AUGUST 26
ACT Membership Show at Texas State University, Round Rock

Exhibition/Installation of each artists creative place... mind, chair, room.... revealing the one individual who speaks behind the creation....

Current member artists are invited to participate. Each artist is to showcase 5-7 pieces of art that represent a personal artistic direction. The scope may be retrospective, or current or recent. They may share an artistic point of view or just an artistic time of creation. The artists will be asked to participate in an installation (arrangement) at Texas State University, Round Rock that would suggest their particular studio. Possibly just photos of studio, or drawings might be exhibited with the works.. or journal pages. Works should be medium to large (maximum 50" in any direction). The artist should prepare a statement that explains the scope. Works should be wired to hang, some 'displays' might be informally attached. The overall affect would be small scenarios that suggest the individual's private creative space..

Please submit list of works, thumbnail images and dimensions no later than May 11th, <mailto:artiststexas@gmail.com>. Put Artists Studio as subject in the email. ACT Membership must be current to participate. (Go to <https://artistsofcentraltexas.com/membership> to renew if necessary)
