COMMANDER: Lonnie

Good day to each and every one. This is more of a letter, than a newsletter. Hope you and your families are safe and healthy. Shelter in place has been an experience to all of us! We are all praying that this does not have to be repeated. We all need to look at the bright side. We are all in it together!

We have never done more, reading, cleaning, getting rid of things (not used for the past 5 years). Serious home projects- finishing rooms, buying live chicks to raise for eggs and possibly soup, and ordering groceries, and having them delivered by the store, or a family member. No need for a car and buying gas. Best of all, planting gardens and baking sourdough bread. Unfortunately, the store ran out of flour and yeast so back to regular store bread. Wiping down everything coming into the house. Now Clorox has run out of wipes until next year. I still wonder why the toilet paper was so hard to find in the shelves?? Oh well, I will think of some chemical mixture for my wife to continue her germ cleaning. Also made sure you have hand sanitizer in the house, in the car, in your rooms, in your pockets and purses. There you go, not as boring as I thought it would be after 6 months. We accomplished more than we could imagine. We still probably have another 6 months to go. Share your ideas for projects. It is always fun to hear what people are doing these days! Actually, I noticed a lot of rock painting.

It will be nice to get back to some normalcy and when we do, we're planning a get together at the American Legion hall for a nice luncheon. If your gardens are still producing, bring you harvest to share with all of us. What will be even nicer is to see all your faces again and do plenty of laughing and talking. So make sure you wear your mask, carry hand sanitizer and do social distancing.

Best Regards, Lonnie
