

FROM THE COMMANDER

Hope all is well with you and your families. Have you received your vaccinations yet?

I am looking forward to our Post getting back to normal and we will have a party with music, food and beverages once we know that it is safe.

One other thing comes to my mind, the stage and the office are gone. The cost of putting it back together is more than \$200,000.00. So looking for grants that we can apply for plus tax deductible donations to the Post's 501 (c) (3) AKA Veterans Community Service Association (VCSA) would help. An idea for the rebuild is office space above the new stage, and storage space for our tables and possibly chairs.

The women's club is arranging an Easter treat celebration for the Veterans at the Colma Veterans Village. Plastic eggs filled with wrapped candy, decorated cupcakes, Easter cards written by mentally challenged adults, and toiletries (toothpaste & the like). These items will be presented to the Colma Veterans Village on 4/1 or 4/2. Thanks to all those for getting involved.

Subject to change, the next event maybe a luncheon at Post 409 on Memorial Day, May 31, 2021. As this will be an Avenue of Flags event, they are looking into the possibility.
