The basic camping equipment is supplied, you need to bring:

- Hunting knife, sunglasses, good binoculars, camera, film, bug dope, shooting stix
- Rifle with scope covers, minimum 20 rounds ammo per rifle.
- Quality synthetic sleeping bag with comfort range to -10° F.
- Soft gun case or gun sock, for rifle protection in our airplanes.
- Day pack for carrying your lunch and raingear, sunscreen (just in case!)
- Canteen or water bottle to carry with you on the trail,
- If you wish to bring meat home, bring your duffel in a 70 qt. cooler.
- If you smoke, don't try to quit on this hunt, bring plenty for the moochers

As our transportation to and from the hunting areas is done by light aircraft, please keep your personal gear down to 60# and pack in duffel style luggage. Airlines NOW require #50 lbs per bag and that your rifle be transported in a rigid, locking gun case. Ammo should be boxed and transported in your luggage. **Check with your airline for current baggage and weapon rules.**
