## *Mission Camp Week 2022*

We kicked off summer with our version of mission camp. Started our theme for the week during Sunday school and followed church with a cookout for the youth families. Monday the kids had a blast choosing items for goody bags for some elderly people in our church. Cleverly designed each bag and then we hand delivered them. The smiles on the faces of the members of our church AND the kids faces were heartwarming!

Then we cooked a dinner for Pastor Brian and his family and delivered it.

Tuesday we did some hands on work at Ms. Breeden's home. We scraped and repainted her front porch!

Wednesday morning we delivered some more bags and did some more visiting. then we headed to our cabin near Deep Creek Lake.
