Purpose

The primary purpose of the Central Carrollton Association (CCA) is to improve the quality of life in the neighborhood we serve. We work with our city councilperson and his staff, and with police, school, and other officials, to address infrastructure improvements, land use issues, city ordinance violations, tree planting, eliminating blight, crime prevention, beautification, and many other activities to enhance our neighborhood.

Communication

We publish a monthly newsletter to keep our members informed about meetings, activities, events, and issues facing our community. We manage a website - ccaneworleans.org – which provides information about our organization, resources, and membership. We have a social media presence with a Facebook group page and Nextdoor to facilitate real-time conversations about happenings in our neighborhood.

Meetings and Forums

We hold a neighborhood and board meeting held every second Monday of every other month at St. Matthew UCC (corner of S. Carrollton and Willow) at 6:30 p.m. to conduct the association's business and to present the opportunity for resident input. Everyone is welcome. In addition, we organize topic-oriented Community Forums featuring city officials, leaders, or experts on issues important to our community. We also hold an annual holiday meeting, open to all members, at which we elect our board and officers.

Making a Difference

Since our inception 11 years ago, we have been building bridges with our city leadership, the NOPD 2nd District, the schools within our area, and other neighborhood associations. We played a pivotal role in organizing caroling in Palmer Park and the and Night Out Against Crime. We contributed to the city's new zoning ordinance. We planted hundreds of trees. We've implemented anti-crime initiatives. We've addressed blight, code enforcement, and infrastructure issues, thrown block parties, and more. Our goal is to improve the quality of life for all our residents and we need your support.
