

The Willow

The Willow is our best-selling ranch home and it's not hard to see why. Spacious, split bedrooms flank an expansive living room open to the kitchen and dining area. Like many of our plans, The Willow is available with a site-finish-able second floor (about 900 sq. ft.), with the potential for an additional bathroom and two bedrooms, or any configuration you'd like.

3 Bedrooms | 2 Baths | 1,755 sq. ft.
