## **MAINTENANCE GUIDELINES FOR VENEER LAMINATES**

### **WARNING:**

- **AVOID** using cleaners that contain Sulfuric, Nitric, Oxalic, Muriatic or Hydrochloric acid. Such cleaners will cause discoloration and corrosion to all metals. When used in an enclosed area such as a public restroom, the fumes can cause corrosion and discoloration even if the acid is not in direct contact with the metal.
- **AVOID** using bleaches, sodium hydroxide, and sodium hypo chlorite.

### **MAINTENANCE:**

CLEAN BY WIPING WITH NON-ABRASIVE DETERGENT AND DAMP CLOTH OR SPONGE. DIFFICULT STAINS CAN BE REMOVED USING A MILD SOAP AND DETERGENT AND A SOFT-BRISTLED BRUSH.
