USTA NATIONAL CHAMPIONSHIP JUNIOR TEAM TENNIS REGULATIONS

USTA Junior Team Tennis includes two separate and distinct program tracks:

The “local” Junior Team Tennis track is designed to introduce kids to team competition in a setting that focuses on play opportunities, developing skills, and FUN. The three priorities of local JTT are to (1) make it easy to form teams, (2) increase play opportunities for every child, and (3) promote level based play.

The National Championship Junior Team Tennis track is designed to allow advancement from local competition to District, Section and National championship events for the 14 and under and 18 and under Intermediate and Advanced divisions. The delivery of local play in this track can be designed to promote more play opportunities, developing skills and the FUN of playing with friends on a team.

The Regulations in this document are applicable to National Championship Junior Team Tennis.

SUMMARY OF MAJOR CHANGES TO 2019 NATIONAL CHAMPIONSHIP USTA JUNIOR TEAM TENNIS REGULATIONS

The USTA Junior Team Tennis Committee made the following decisions for implementation beginning in the 2019 Championship Year:

2.01D(1), "Self Rate Process," was deleted to suspend the requirement of using the self-rate process in TennisLink when a player does not have a Junior NTRP rating. The self-rate tool still exists but individual Sections may now determine whether or not to require its use.

2.01E, "Competition Format," was modified to clarify what is meant by "a period of at least 3 days." Now, for a National Championship Track team to be eligible for advancement, it must play at least 3 matches on 3 separate dates.

Recent TennisLink enhancements allow local programs to contain both National Championship track and Local track teams. 2.03B(2), "Player Substitutions," was modified to ensure that any substitute player on a National Track team must come from another National Championship track team in the same local program and season.

The following are the regulation changes which the Committee made for the 2019 Championship Year:

2.01E COMPETITION FORMAT

The local coordinator may use the format which best meets the needs of the local program e.g., round robin. All teams in the USTA National Championship Junior Team Tennis track are required to play a minimum of three (3) team matches. Each of the three (3) matches must be played on three (3) separate dates.

2.03B(2)d PLAYER SUBSTITUTIONS

The substitute player must come from a team competing in a National Championship track USTA Junior Team Tennis league in the same local program and season in which the advancing team participated to meet the minimum team size requirement. (See 2.01B).

JUNIOR NATIONAL TENNIS RATING PROGRAM (JUNIOR NTRP)

The Junior National Tennis Rating Program (Junior NTRP), which defines the characteristics of a player's levels, is the official system for determining the levels of competition for USTA Junior Team Tennis. Each Sectional Association will determine the appropriate use of their ranking system to distinguish between Intermediate and Advanced level for any players, across all age categories, who participate in sanctioned tournaments.

Players in USTA Junior Team Tennis rate in accordance with the Junior NTRP guidelines. Factors such as a player's on-court performance, tennis background, and any additional information should be considered in the self-rating decision. When players are rating themselves and question at which level they should play, they should place themselves in the higher NTRP level of play.

Players who are good athletes or intend to spend a great deal of time taking lessons and practicing should be aware that their improvement may be significant enough to surpass their original self-rating by the time they reach the end of the local season or championship level.

To place yourself: Read all categories carefully and then decide which one best describes your present ability level. Be certain that you qualify on all points of all preceding levels as well as those in the level you choose. When rating yourself, assume you are playing against a player of the same gender and the same ability.

GENERAL CHARACTERISTICS OF JUNIOR NTRP LEVELS

- 1.0** Player is just starting to play tennis.
- 1.5** Player has limited experience and is working primarily on getting the ball in play. Note to team coach/manager: Player needs to coordinate moving when hitting the ball. In fact, player is still concentrating on getting the ball over the net from a stationary position. Player is learning to serve and keep score.
- 2.0** This player has little experience playing tennis, needs stroke development, is still working on getting the ball into play and is learning basic scoring and rules.
- 2.5** Can sustain a short rally at a slow pace with other players of similar ability. Strokes are developing, but player is often blocking or pushing the ball. Player knows the basic rules of tennis, can play a singles or doubles match and is ready to play social matches, beginner USTA Junior Team Tennis and/or entry-level tournaments.
- 3.0** Improved consistency on medium-paced shots. Forehand is more reliable than backhand. Player is developing the ability to control the direction of the ball but majority of shots are directed toward the middle of the court. Developing the ability to add spin on serves, though second serve is often considerably slower than the first serve. Increasing teamwork in doubles; common doubles formation is one up and one back. This player may play in lower-level tournaments and/or an intermediate USTA Junior Team Tennis team.

JUNIOR NATIONAL TENNIS RATING PROGRAM (JUNIOR NTRP)

- 3.5** Consistent on ground strokes with depth and directional control. Developing placement on second serves. The effective use of lobs, overheads, approach shots and volleys is limited. This player may play on an advanced USTA Junior Team Tennis team.
- 4.0** This player has dependable strokes with directional control and the ability to alter depth of shots on both the forehand and backhand sides during moderately paced play. This player also has the ability to use lobs, overheads, approach shots and volleys with success. Player is developing good consistency with increased power on ground strokes and serves. Aggressive net play is common in doubles. Unable to sustain a long rally at a fast pace. This player regularly competes in sectional tournaments, on a high school tennis team and/or on an advanced USTA Junior Team Tennis team.
- 4.5** This player is very consistent at good pace or power hitter, can vary the use of pace and spins, has effective court coverage, can control depth of shots and is able to develop game plans according to strengths and weaknesses. Second serve can be hit with offense. This player tends to over-hit on difficult shots. Aggressive net play in doubles is common. Player has high-level sectional tournament experience and/or plays on an advanced USTA Junior Team Tennis.
- 5.0** This player has good shot anticipation and frequently has an outstanding shot around which his/her game is built. Player can hit dependable shots in defensive situations and can regularly hit winners or force errors off short balls and puts away volleys. He or she can successfully execute lobs, drop shots, half volleys, overheads and has good depth and spin on most second serves. Player has high level sectional and national tournament experience.
- 5.5** This player can hit offensively at any time and has developed pace and/or consistency as a major weapon. This player can vary strategies and styles of play in competitive situations and hit dependable shots in stress situations. This player has obtained a top sectional and/or national ranking and/or play Division I college tennis.
- 6.0** This player has had extensive tournament training for national tournaments and/or top-level Division I collegiate competition.
- 6.5** This player is a world-class player and has a history of national and international rankings and success in top Division I collegiate play, International Tennis Federation (ITF) and/or professional circuit events.
- 7.0** This player is a world-class player and will have ATP/WTA points and a world ranking in the Top 50.

JUNIOR NATIONAL TENNIS RATING PROGRAM (JUNIOR NTRP)

PLAYERS IN WHEELCHAIRS

Players in wheelchairs should use these same general characteristics to determine their NTRP skill level. The only differences are as follows:

- **Mobility:** While players in wheelchairs may have skills that would normally provide them with a certain rating, the mobility factor suggests that when competing against able-bodied players, they should participate at an NTRP skill level that provides for competitive rather than compatible play.
- **Serving ability:** Due to the nature of the player's injury or disability, a powerful serve may not be possible. In this case, it may be more realistic to self-rate below 3.5, as serve strength becomes key above this level.
- **Two-Bounce Rule:** Players in wheelchairs will receive two bounces while standing players will receive one bounce in integrated play.

CODE OF CONDUCT

1. The highest level of sportsmanship is expected from every player! An understanding of and a commitment to the points below are part of your responsibility as a player in a USTA tournament. Violators of this code or its spirit are subject to disciplinary action.
2. Once you have entered a tournament, honor your commitment to play. Exceptions should occur only in cases of serious illness, injury or personal emergency.
3. From the beginning of the match, play must be continuous. Attempts to stall or to extend rest periods for the purpose of recovering from a loss of physical condition (such as cramps or shortness of breath) are illegal.
4. Intentional distractions that interfere with your opponent's concentration or effort to play the ball are against the rules.
5. Spectators—including parents, friends and coaches—are welcome to watch and enjoy matches. Their role, however, is clearly restricted to that of passive observer with no involvement of any kind during the match.
6. Players are expected to put forth a full and honest effort regardless of the score or expected outcome.
7. Players are expected to maintain full control over their emotions and behavior throughout the match. If you begin to lose your composure during play, try the following: Take several deep breaths, exhale as slowly as possible, and feel your muscles relax. Concentrate on your own game and behavior while ignoring distractions from your opponent or surroundings. Be your own best friend—enjoy your good shots and forget the poor ones.
