

**DATE:** December 9, 2020

**TO:** Section Executive Directors  
Section PD Managers  
Section JTT Coordinators  
Section TOC Coordinators

**FROM:** Craig Morris, Tracy Davies

**SUBJECT:** 2021 Team Event Cancellations

---

The USTA Board of Directors recently passed the 2021 USTA budget with a significant amount of line items to be either paused or cut for the 2021 fiscal year due to the financial implications of a minimized 2021 US Open. These cuts impacted all departments across the USTA, but we are communicating the specific events below so that there is sufficient time for alternate plans within the sections. For 2021, the following events will be cancelled and removed from the USTA national schedule:

- Tennis on Campus Spring and Fall Invitationals and National Championships
- Boys and Girls 18 National Team Championships
- Boys and Girls 14 & 16 Intersectional Championships
- Boys and Girls 12, 14 & 16 Zonal Championships
- JTT National Championships
- EDC Camps

In the next several days, we will be reaching out to section staff regarding strategies to work together to communicate this information with our providers so that we can continue to engage them with current date blocks. Particularly with the National Junior Tournament Schedule, there are discussions already in place with Player Development Managers to develop regional alternatives to combat the consistent cancellation of our 2020 national tournaments. In addition, we will be notifying relevant committees once the information has been shared with providers.

We appreciate the teamwork and patience you have shared with us and look forward to coming back stronger through these challenges.
