

## **WORMING ROTATION SCHEDULE AND SPECS**

Aubrey Park Equestrian will require all boarders to be on a worming schedule. Boarders can opt to join “Barn Rotation (2022)” or can administer wormer to their horses individually. Boarders who choose to join barn-rotation will be billed accordingly at the beginning of the month. All horses will be required to be de-wormed at minimum 4X a year (Winter, Spring, Summer, and Fall) to accommodate Central Texas’ seasons, alternating between the months to prevent resistance.
