Delilah is a young, sweet cat who was lost when a **blue Honda HRV** was stolen 11/21/24 near **Booth/Chambers** in Milwaukee. The Honda was found on **N. 28th St. at Locust & Chambers** on Thanksgiving Day, but Delilah wasn't inside. She's still missing, and we are heartbroken. Delilah has **extra toes on her front paws—6 on one paw and 7 on the other**. These special toes **require veterinary care** and maintenance.

**If you've seen her or have her**, even if you took her in by mistake, please contact us. We understand, and we will work with you to bring Delilah home. If you've grown attached, we'll **help you find a new cat or kitten** to love and provide everything you need to care for them. She is **deeply loved and missed by her family**.
