We Turn IT Pros into Wi-Fi Superheroes

▸ Wi-Fi is mission-critical for your business.

▸ Wireless environments change over time.

▸ Ekahau is your path to always-awesome Wi-Fi.

POWERFUL tools make it EASY for you to optimize and manage your wireless network

Use Ekahau to optimize and manage your wireless network today, tomorrow, through RF environment changes, and in between network upgrades. An estimated 75% of Wi-Fi networks are underperforming, causing pain points and downtime for you and your network. With Ekahau, you can reduce your total cost of ownership, effortlessly optimize your network to stay ahead of changes, and efficiently troubleshoot for less network downtime to get a high-performing, reliable network every day.

Take Control with Powerful Wi-Fi Optimizer

Optimizer automatically detects configuration issues and simplifies ongoing maintenance with easy, step-by-step guides.

Stay Ahead of Network-Impacting Change

Wi-Fi isn't set-it-and-forget-it. Keep your network optimized as requirements and environments change over time.

Guarantee Exceptional Wi-Fi Performance

Network performance and reliability optimized to support your digital transformation initiatives and applications.
