

Rebuilding Stidger Fireplace

The fireplace rebuilding project is moving right along. This is the second step to our restoring this cabin that is on the “ National Registry of Historical Places”, the first was the removal of the dogleg portion of the cabin which was not log construction, but will be added when final project restoration is completed.

With this second part moving right along, the Stidger Foundation will be in need of more donations. The Foundation would be most grateful and appreciated of all the community help to bring this Civil War historic cabin open for tours. This is a Taylorsville and Spencer County treasure that the community has a right to be proud of.

To donate to this project and help bring us to a completion and opening, send to: Stidger Foundation, P.O. Box 15 Taylorsville, Ky, 40071.
