Our Website : www.goldensunsetborth.co.uk

Please Search 'Enlli Fach' on Google maps for exact location our Postcode isn't very precise and will take you to the farm

Thankyou very much for choosing to stay at Enlli Fach we look forward to welcoming you and any 4 legged friends ! Here you will find a few bits of information on travel ,parking and key collection . please don't hesitate to contact us for any further information . We have no strict check in times on day of arrival , any time after 3pm is fine .

Enlli Fach is situated in a rural elevated position with lovely views , this does mean that the final leg of your journey will take you onto a single track lane for around half a mile or just under 1 km . None of these single track roads have much traffic but you may occasionally meet tractors or other farm machines so please drive carefully. The map below shows two possible routes, the yellow line represents the preferred route which is approached from the village of Borth – this road is well maintained and would be regarded as the best route to the property .The red line represents an alternative route , it's still a road that we use on a daily basis but unfortunately it is suffering with lack of maintenance and potholes – don't be afraid of using this road it's just that the yellow route is preferable.

*On arrival you will see a gated undercover parking area pictured below, this is for the sole use of guest vehicles and will be available for the duration of your stay . may we ask that the gate is closed behind you at all times to avoid stray sheep entering the property and for safety of other road users . Once you have made you way down the steps to the property you will find a key safe fixed to the cabin wall on the field/decking side ,pull down the front cover and enter the code **7173** for key access . This key will unlock the white front door ,keys for other doors are left inside the cabin .Further Guest information can also be found in the property . Enjoy your stay!*
