Welcome to Green Lady Homeopathy!

It's a privilege to introduce you to homeopathy and all the benefits it has to offer. I am the Green Lady (I'm not actually green, I just love the color!) and I am a Practical Homeopath. I graduated from the Academy of Practical Homeopathy in September 2022 under the guidance of Joette Calabrese with the Banerji's protocols from the Prasanta Banerji Homeopathic Research Foundation. I am an Ambassador for Joette Calabrese for Discovery: An Introduction to Homeopathy. I'm also a Congressional Lead for Americans for Homeopathy Choice in Arkansas.

Green Lady Homeopathy offers a different approach to wellness. Homeopathy has been around for over 200 years and has helped millions of people. It's a way of stimulating the body to heal itself the way God intended. There are over 6,000 medicines in the world of homeopathy that are waiting to be learned. Do I know all 6,000 of these medicines? Of course, not! But like School House Rock says, "Knowledge is power!". We can learn a new medicine each day, week, or month. I'm here to help you do that.

So, why am I passionate about homeopathy? Well, like every other person I know, I have aches and pains, fibromyalgia, food allergies, chemical sensitivities, and migraines. Almost everyone I know has at least one or two of these conditions. I was exhausted.

I knew that there had to be something I was missing. I could not continue my life excluding even more foods. And I could not live my life curled in the fetal position in a dark room because of constant migraines. Enough was enough. I had to take a stand to take back my life.

A good friend mentioned how homeopathy could help my migraines and how it had helped her. It was amazing and shocking all at the same time. Everything changed. My migraines went from 1 – 2 weeks at a time down to 1 day! Now, I can literally work with a headache. I don't even consider them to be migraines anymore. Did this happen overnight? Does anything good come quickly? In my life, no. It takes time and patience. This is how homeopathy works.

Life is a journey, and our health shouldn't get in the way.

My journey has just begun, and I want you to join me. Psalms 139:14 says, "I will praise You, for I am fearfully and wonderfully made; Marvelous are Your works, and that my soul knows very well." God created our body to heal itself. He created everything for us to use for our nourishment and healing. I would be delighted to have you along with me on this journey to finding your best life with homeopathy.

Thank you for staying with me this far! I am so happy to share my knowledge with you about homeopathy. Let's get started!
