A STRONGER AFRICA.**

THE OPPORTUNITY

Turn GTC's Approved Mineral Portfolio into a Digital Asset Marketplace.

GTC Group, in collaboration with African governments, is transforming mining concessions into tokenised assets — creating a transparent, investable and globally accessible mineral economy.

APPROVED CONCESSIONS

Real mining assets
with government
backing.

TOKENISED MINERAL ASSETS

Digital tokens
representing verified
mineral reserves.

GLOBAL MARKETPLACE

A secure, scalable
platform for remote
global investment.
