

Dear Patient:

Thank you for giving Foxridge Dental the opportunity to care for you and your family! We truly value our relationship, and we strive to provide the highest quality care with a compassionate approach.

As of June 1, 2021 we will be an in-network provider for BCBS of KC, Delta Dental, and the insurances under the Premier Umbrella.

We would like to reassure you that we are committed to helping our patients take full advantage of whatever benefits they have, but we are not willing to compromise the care we give to our patients for any insurance company. We think our patients deserve the best care possible! That is why you came to us in the first place, and we are glad you chose us!

Our patients have found that the fee difference between in-network dentists and Foxridge Dental is surprisingly small while the difference in quality is great. We are dedicated that we will never compromise our patients' treatment decisions and options because of insurance plan limits or exclusions. At any time that you have concerns, we will be happy to do a benefit check and see what it would mean for you to have treatment completed at Foxridge Dental. We look forward to caring for you!

Please contact us with any questions.

*Dr. Jessica Niederee, Dr. Michael Riggs and Your Foxridge Dental Team*
