

Camping

Rim Campground: Seven accessible campsites are available (#1, #3, #23, #27, #30, #47, and #51). Site #1 & #3 have electric hook-ups and can accommodate tents or RV's. Restrooms with showers are accessible including nearby accessible parking.

Two accessible cabins (#59 & #62) are available in the Rim Campground. Inside, the cabins are equipped with heat and two single beds with foam mats, but no electricity. Outside, each cabin has its own fire pit, picnic table, and space for a tent. Accessible restrooms/showers and parking are available in the campground loop. Visit [Access Northern California](#) for detailed cabin accessibility information and photos.

Headwaters Environmental Camp: For guests who can travel the 50 feet from the parking to the two accessible campsites, this primitive walk-in campground is accessible. The accessible campsites offer accessible tables and fire rings, with accessible shared water spigots. An accessible vault restroom is also provided.

Picnic Area

Falls Overlook: Accessible picnic sites are dispersed in a wooded area between the General Store and the Visitor Center. Accessible parking and restrooms are available.

Lake Britton Marina: Accessible picnic sites, restroom, and parking are available near the boat launch, at the end of Lake Road.

Trails

The Headwaters Trail is an 'out-and-back' accessible trail that is 0.71 miles each way. The trail is upstream of Burney Falls along Burney Creek. There is an accessible fishing pier along the trail offering good fishing. The surface is constructed of compacted aggregate, rock, & soil. There is one armored crossing on the trail that water flows over during rain events that might be challenging for some users. The trail is generally flat at less than 5% with intermittent sections between 5% to 12%. Trailhead and parking are at the Falls Overlook parking area. A restroom is located near the General Store.

The Burney Creek Trail is accessible for 1.25 miles. The trail starts at accessible parking spaces located at the Lake Britton Beach parking lot. This trail provides an accessible trail route from the beach parking lot to an overlook of Burney Falls. An accessible fishing landing and lake

overlook are provided along the route. Accessible day use picnicking and restrooms are provided at the trailhead.

The Pioneer Cemetery Trail is a hike and bike trail on firm but rocky, sometimes rutted soil that follows a historic wagon trail leading to an old cemetery. Its 1.6-mile round trip length may be usable in fair weather for strong wheelchair users and others seeking a relatively easy trail. Trailhead and limited parking are near campsite #75 in the Pioneer Campground.

Accessible Trail Data				
Trail Name	Running Slope	Cross Slope	Trail Width	Trail Surface
Headwater Trail	3% Average		4 FT Average	Aggregate, Rock, & Soil
	12% Maximum	5% Maximum	4 FT Minimum
