

SISTERHOOD OF GRACE

To encourage a spirit of community within a creative yet supportive fellowship, we offer the following covenantal guidelines to provide a framework for dialogue. Covenants encourage open, respectful, and brave participation as we share, pray, learn, and listen.

- Listen actively with head and heart.
- Speak from your own experience.
- Be aware of body language.
- Respect confidentiality.
- Respect personal space.
- Own your intentions and your impact.
- Practice sustainability.
- Expect unfinished business-both discomfort and joy.
