# Our Packages

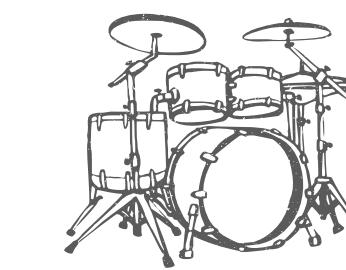

## **SILVER FROM \$1,800**

Ideal for intimate weddings of up to 80 guests, Silver offers an acoustic live soloist for the ceremony and canapés or early reception, creating a relaxed and elegant start to your celebration.

## **GOLD FROM \$4,999**

Gold is our most popular package, offering greater coverage and a clear step up in scale. With live music carried through ceremony, canapés, and into the reception, we create a smooth progression into the evening celebration.

## **HMM SIGNATURE PACKAGE FROM \$14,500**

HMM Signature is our highest level of wedding entertainment. Acting as your entertainment director, we design, curate, and manage the music and production across the entire day — from ceremony through to a full-scale reception with our 8-piece party band.

# HMM SIGNATURE PACKAGE

From \$14,400

## Ceremony

The ceremony is thoughtfully designed to set the tone for the entire day.

Choose from an acoustic duo through to a string quartet, with music curated to suit your venue, pacing, and the feeling you want to create.

## Canapés

As guests move into canapés, the music evolves to guide the atmosphere forward.

Whether led by a jazz quartet, classical strings, or refined acoustic arrangements, we shape the energy of the space so the transition feels effortless.

## Reception

The reception is delivered as a full-scale celebration, led by our 8-piece party band. With high-energy live performance supported by professional sound and lighting, we create a clear shift from elegant celebration into a packed dance floor, carrying the night with confidence and impact.

# GOLD PACKAGE

From \$4,999

## Ceremony

Your day begins with an acoustic soloist (Guitar/Singer, Piano, Strings) performing your chosen ceremonial music setting a warm, personal tone for the ceremony with carefully selected music to suit your style and venue.

## Canapés

The soloist stays on during canapés, maintaining a seamless atmosphere and transition with music tailored to your style — relaxed, jazzy, or classically inspired.

## Reception

For the evening, you choose the direction. Keep things classy with a string quartet or jazz ensemble, or turn up the energy with a 5-piece party band to fill the dance floor.

# SILVER PACKAGE

From \$1,800

## Ceremony

Your ceremony is brought to life by a solo acoustic musician (Guitar/Singer, Piano, Strings), performing your chosen songs to create a heartfelt and intimate atmosphere as you exchange your vows.

## Canapés/Reception

As the ceremony draws to a close, the soloist continues into canapés or an early reception, gently carrying the mood forward with live music that keeps the celebration warm, relaxed, and flowing.

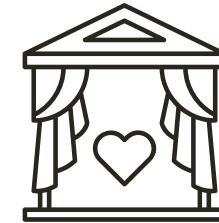

# Our Process

01

## Consultation

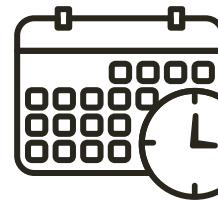

We start with a conversation to understand your vision, priorities, and how you want the day to feel. Drawing on our experience, we guide you through options and ideas to shape the right entertainment approach for your wedding.

02

## Entertainment Plan

Based on our conversation, we design a clear entertainment plan for the day — mapping key moments, transitions, and musical direction from ceremony through to reception. You'll know exactly what happens and when, and approve everything before we lock it in.

03

## Coordination

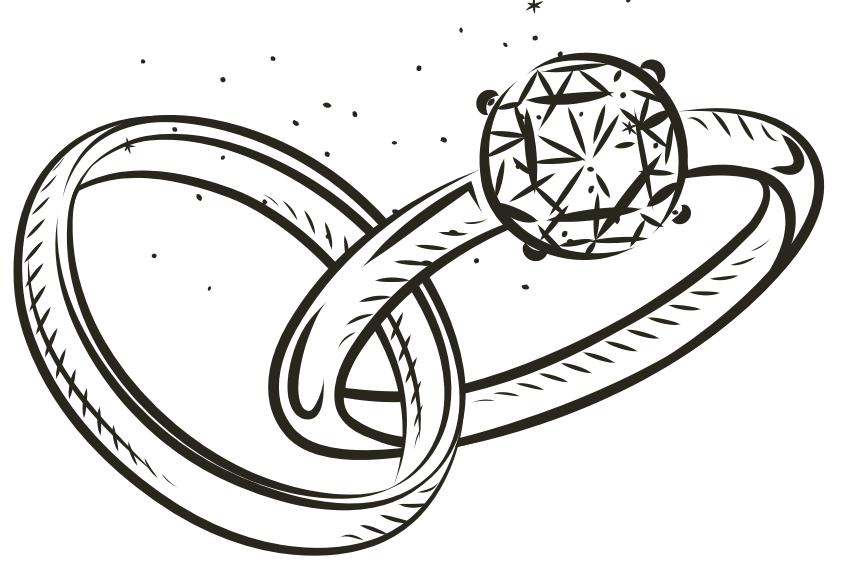

We coordinate directly with your planner, MC, and venue to manage timing, cues, and technical details. In the lead-up, you'll receive recordings of your key songs so everything feels familiar and settled well before the day.

04

## Your Perfect Day!

On the day, we arrive early, set up discreetly, and manage every transition as planned. From your ceremony to the final song, the entertainment runs smoothly and confidently — allowing you to be present and enjoy the celebration.
