**DENIM HAS LANDED!**  
Introducing our fall  
collection of comfortable,  
wearable jeans, denim  
clothes, and accessories!

## Jean Shorts

Nothing captures the familiar charm of the girl next door like a favorite pair of cut-off jean shorts. Replete with playful tatters, these are fun and comfy. Layer with leggings for cool weather!

## Shades of Blue

These polished stone bracelets range from sea greens and midnight blues to warm browns and golds.

They're the perfect accessory to bring out the subtle shading in anything denim.

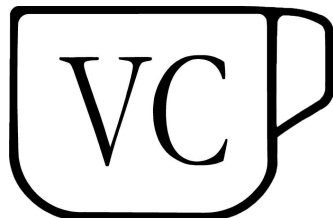

## Made for Travel

We love this bleached blue jean jacket for the backstories it hints at. Did you pick it up back in your rodeo days? Was it your go-to jacket when you hiked across Europe? This carefree, easygoing look is timeless!

## Little Things...

...are often the difference between well-dressed and simply dressed. Don't forget a trendy pair of earrings or necklace when creating your denim look! We've got you covered with many shapes and styles.
