

# Chris Heeter Topics

## Wild Leadership

- Work with the personalities and gifts of each team member, harness their energy and unique skills.
- Guide your team through change where everyone stays on board and engaged.
- Stop managing people, start inspiring them... Be You... and help them Be Them.
- Build Wild teams and leaders that embrace the values and vast business potential of sustainability.
- Discover your Wild Why and learn how you can champion sustainability at work and at home.

## Wild at Work

- Hone your communication skills to truly support each other and gel as a team.
- Be more of who you are to make your team more successful and responsive.
- Get to YES together while understanding and appreciating differences.
- Achieve DEIB goals through the common thread of sustainability.
