## **Sales Bulletin: HemaClear Product Trials in the USA - 01aug2024**

Sales Team:

Last November, I sent you a HemaClear sales bulletin 02nov2023, to announce our HemaClear product trial program. That program expired June 30<sup>th</sup>; however, we are running the program again from July 1, 2024 through December 31, 2024.

We receive first-time orders from about 80% of the HemaClear prospects where surgeons trialed the product. Product trials are the best way to build your HemaClear business and we keep the guidelines simple.

- Request product stock by completing the Product Trial Request Form. You can get one from <https://asteducation.info/product-trials> . If you can't get to the website, call me.
- We will send you the product trial stock at no charge to you or the prospective customer. If needed, we will send a clinical specialist to assist you.
- Report the results of your trial on page two of the Product Trial Request Form. Attach the form to an email or photograph the form and send to [Ethan@hemaclear.com](mailto:Ethan@hemaclear.com)
- Regardless of the trial outcome that you report, we will compensate you \$200 for any completed product trial with a report. However, if your trial is with a surgeon (who does currently not use HemaClear) in an account or health network that is already buying HemaClear – i.e. OHK is an approved vendor – then we will up the compensation to \$300.

So, schedule your trials and send us the form. And for questions? Give me a call on my cell or send an email.

Best Regards,

Larry Murdock
