A CULTURE OF COMMITMENT

Our team is dedicated to fostering a workplace culture where creativity and collaboration thrive. By investing in cutting-edge technology and sustainable practices, we strive to exceed industry standards and deliver exceptional results. We believe nurturing talent and empowering our workforce are key elements in driving success, ensuring that every project is a testament to our commitment to excellence. Whether tackling complex challenges or exploring new opportunities, Vanar's focus remains steadfast on building a brighter future for our employees, clients, and communities.

BUILDING A LEGACY

A local military family business as well as lifelong Hampton Roads residents who invest in the community as a minority owned small business. Founded in 2003 by Hector Naranjo, marking the beginning of a remarkable journey in the construction industry. What began as a humble venture specializing in structural steel and framing has evolved into a multifaceted company that offers design-build services and serves as a commercial and federal contractor.
