College Planning

**BEYOND  
ACADEMY**

## ABOUT US

We are college planning specialists. Our team consists of dozens of experts in the world of college preparation, student mentoring and college funding planning. We have helped over 4,000 families in the past decade. We offer our services in all 50 states.

College planning isn't easy for students and families. From planning, to paperwork, to decisions, to the unknown, it is a challenging and stressful process.

## OUR MISSION

Our mission is to assist and support you through the college planning process to help your child attend the school of their dreams. We will provide knowledge and guidance through our mentoring.

Our full-service program is unique and unlike any other. Our experienced professionals are committed to helping your students get into their dream colleges with the most efficient funding strategies.

## SERVICES

### College Admissions

We provide admissions guidance, SAT/ACT prep, college list building, application and essay review and mock interviews

### Career Development

We assess students' personalities/interests and provide guidance on their careers

### College Funding

We help with financial aid applications, college financial plans and strategy analysis
