To whom it may concern,

It is with great pleasure that I write a letter of recommendation for Gargi Barooah.

Gargi has been my children's piano teacher for the last six months and was recommended by International School of Luxembourg.

My 5 years old son Maximos connected with Gargi immediately, responding to her genuine warmth and her enthusiastic, supportive approach.

Gargi is a patient teacher and tempers the demands and expectations of a teacher with love and encouraging words.

I would recommend Gargi as a piano teacher, so your child can experience her passion and love of music first hand.

Sincerely,

Kind Regards,
