## About Integrity

Integrity Student Transportation Services, LLC is a transportation services provider specializing in student transportation outsourcing solutions for schools and other education-based organizations. We also provide premier school bus and sedan transportation services for churches, civic organizations, corporations, family reunions, military, sport teams and wedding parties within the State of South Carolina.

Our services include, but are not limited to:

- Home to School and School to Home Transportation Services (School Bus/Sedan);
- Extracurricular/Athletic Trip Transportation Services;
- After School Program Transportation Services;
- School Bus Outsourcing Solutions;
- Charter Sedan Service;
- Transportation Consulting Services;
- Routing & Dispatch;
- Comprehensive Bus Operator Training and Management;

## Why Integrity?

With the continued demand for alternatives to traditional public education, public charter and private education providers will continue to see a rise in enrollment and a demand for student transportation services. In accomplishing our mission, school administration, faculty and staff can focus on providing a quality educational program while we handle all of your student transportation needs.

## Safety

The National Highway Traffic Safety Administration (NHTSA), the National Academy of Sciences, and the U. S. Department of Transportation say that school buses are the safest forms of ground transportation to and from school and co-curricular events. Nationwide 475,000 school buses safely transport nearly 25 million children daily and more than 4 billion miles annually.

Our buses meet the same federal and state standards as our public counterparts. All employees receive comprehensive training along with being subject to pre-employment, random, and post-accident drug screens. Also, our employees receive bi-annual physical examinations, annual background and annual driving record checks.

## Cost

Integrity offers rates and flexible payment schedules that are competitive with the leading private student transportation service providers. All charges can be an extension of the schools tuition or clients can make arrangements directly with us. We also offer a parent pay option. We will work with you to custom-tailor a plan that is best suited to your organization's needs.

## Flexibility

If you already own buses and you want us to manage them only, we offer bus operator training and management, assistance in starting up your own independent program or full private transportation services. Integrity allows the flexibility for our customers to select from the services we provide to best suit your student transportation needs.
