

## GlutenFree Options

**WE ARE NOT A  
GLUTEN FREE  
RESTAURANT SO  
CROSS  
CONTAMINATION  
CAN OCCUR.**

\*\*\*This menu is more designed for those wanting less gluten in their diet- not particularly for those with severe gluten allergies.

FOR THOSE WITH GLUTEN SENSITIVITIES:

(1) NOTE- Some menu items contain Kikkoman Soy Sauce- According to the FDA & Celiac.com, Kikkoman Soy Sauce is deemed GF due to it's natural fermenting process. This soy sauce has well under 5 ppm (less than 20 ppm is deemed safe by the FDA & celiac disease experts). That said, if you'd like to avoid this fermented sauce altogether, just let us know so we can make proper adjustments for your order.

(2) NOTE- We use a shared fryer. Also, please note that there is always a risk of cross contamination in our kitchen since we are not a gluten free restaurant.
