

BÖNDED

PERMANENT JEWELLERY

# About

BONDED is part of Sarah Robinson, one of Cheshire's leading Permanent Makeup Clinics.

With a keen interest in Jewellery and creativity and inspired by the increasingly popular new trend of Permanent (also known as Welded) Jewellery, I created BONDED knowing this would be an amazing service to offer.

The popularity of this treatment has soared, not surprisingly because of the beautiful and bespoke nature of the jewellery. Whether you are just looking to treat yourself or signify a special moment or bond with someone, Permanent Jewellery really is the perfect way to do this. Designed to be worn and loved every day.

# What is Permanent Jewellery

Permanent Jewellery is custom fitted jewellery secured by welding either end of the chain together using a small jump ring, rather than using a clasp.

The best thing about it is that it's designed by you, from the chain to the connectors and charms and custom fitted for the perfect, bespoke fit.

I offer:

- Bracelets
- Anklets
- Necklaces
- Rings
- Toe Rings

# Step 1

Choose your chain.

Choose from 925 sterling silver and gold filled chains in a range of styles.

# Step 2

Choose your charms.

Choose from 925 sterling silver and gold filled charms and connectors. Together we agree your charm and / or connector placement.

# Step 3

Get measured for a custom fit.

Your new jewellery is measured and sized to you. Once we have agreed the sizing and created your jewellery, either end of the chain is welded together for a forever fit. If you would prefer to be able to take your jewellery off, a clasp can be fitted instead.

# Metals Used

I offer two metals for Permanent Jewellery - Gold Filled and Sterling Silver.

**Gold Filled** - Consists of a thick layer of gold (usually 5% of the total weight) bonded to a base metal, typically brass. Unlike gold plated, gold fill will not chip, or go green and maintains it's beautiful look for many years.

**Sterling Silver** - Is an alloy consisting of 92.5% pure silver and 7.5% other metals, usually copper. It is often stamped with "925" to indicate its purity.

# Full Chain options

I stock a range of sterling silver and gold filled chains.

The following pages show you some of the chains I stock, these do change from time to time as I do update my collection based on client preference and the time of year.

All chains are subject to what's in stock on the day. If you have your heart set on one particular chain please message me so I can ensure I have it in for you.

# Sterling Silver Chains

Silver chains are priced at £30 for rings and toe rings, £50-£70 for bracelets, £65-80 for anklets. Necklaces are priced based on the length of chain.

# Gold Fill Chains

Gold fill chains are priced at £30 for rings and toe rings, £50-£70 for bracelets, £65-80 for anklets. Necklaces are priced based on the length of chain.

# Charms & Connectors

All charms and connectors are priced at £15 each.

I stock a huge range of charms and connectors so you're sure to find something you love.

For personalised jewellery I offer initials and birthstones.

If you're looking for something in particular you can message me.

# Inspo
