 That's what I thought. It a joke. Who is this Chrissy that has it in for you

Bill Ledger
 She's a occasional employee of the FDL newspaper who claims to me a watchdog journalist. But her and I got into heated arguments over the District attorney race back in 2012. She tried to get me jammed up at work for my FB posts railing the guy who ended up winning the election. I think she's seriously cyber stalking me????
