Dear Ma'am or Sir,

Under the Wisconsin Open Records Law, §19.31 et seq., I am requesting an opportunity to inspect or obtain copies of public records requested below.

Reference: Mrs. Lombardo's HR Turnover Presentation to include:

1. Original slide show presented during the July 10, 2023 board meeting
2. All data used to drive the numbers in the slides written or electronically

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$25.00.

However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the high percentage of turnover compared to the state and national averages. This information is not being sought for commercial purposes.

I would request a response in writing, within the 10 calendar days described by law, if you intend to deny this request. Also, if you expect a significant delay in fulfilling this request, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thank you for considering my request,

Sincerely,

Wayne Wilson

Dear Ma'am or Sir,

Under the Wisconsin Open Records Law, §19.31 et seq., I am requesting an opportunity to inspect or obtain copies of public records requested below.

**Reference: Property owned by or controlled Inventory**

1. **Any and all information related to physical inventories for the past 6 yrs. (3 inventories based on board policy to conduct every 2yrs.)**
2. **How are items handled after they are known longer needed.**
3. **Information of any 3<sup>rd</sup> party involved in disposition of items purchases with different types of funds.**

7450 - PROPERTY INVENTORY

As steward of this District's property, the Board recognizes that efficient management and full replacement upon loss requires accurate inventory and properly maintained property records.

The Board shall maintain a continuous inventory of all District-owned equipment and supplies, including computing devices, and conduct a physical inventory every two (2) years.

For purposes of this policy, "equipment" means tangible personal property (including information technology systems) having a useful life of more than one (1) year and a per-unit acquisition cost which equals or exceeds \$5,000.

Capital assets include equipment as well as the following:

- A. land, buildings (facilities), and intellectual property (including software) whether acquired by purchase, construction, manufacture, lease-purchase, exchange, or through capital leases;
- B. additions, improvements, modifications, replacements, rearrangements, reinstallations, renovations or alterations to capital assets that materially increase their value or useful life (not ordinary repairs and maintenance).

Capital expenditures, which are expenditures for capital assets, require prior written approval in order to be allowable in certain situations. General purpose equipment, buildings, and land, as well as improvements to land, buildings, or equipment which materially increase their value or useful life, are unallowable as direct charges unless the Federal awarding agency or pass-through entity provides prior written approval. Whereas capital expenditures for special purpose equipment are allowable as direct costs, provided that items with a unit cost of \$5,000 or more have the prior written approval of the Federal awarding agency or pass-through entity.

When defining supplies for inventory purposes, no items will be counted whose total acquisition cost is less than \$5,000.

"Computing devices" are machines used to acquire, store, analyze, process, and publish data and other information electronically, including accessories for printing, transmitting and receiving, or storing electronic information. Examples of computing devices include laptops, smartphones, tablets, etc. Computing devices are classified as equipment if their acquisition cost meets the above-mentioned equipment threshold. Computing devices that do not meet the acquisition cost threshold are considered supplies. Regardless of whether a computing device is classified as an equipment or supply, it must be counted during the inventory.

It shall be the duty of the Chief of Finance and Operations to ensure that inventories are recorded systematically and accurately and property records of equipment are updated and adjusted annually by reference to purchase orders and withdrawal reports.

Equipment and computing devices acquired under a Federal award will vest upon acquisition to the District, subject to the following conditions:

- A. The property shall be used in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by the Federal award.
  - 1. When no longer needed for the original program or project, the property may be used in other activities in the following order of priority: 1) activities under a Federal award from the Federal awarding agency which funded the original program or project; then 2) activities under Federal awards from other Federal awarding agencies.
  - 2. During the time that property is used on the project or program for which it was acquired, the District must also make the property available for use on other projects or programs currently or previously supported by the Federal program, provided that the use will not interfere with the work on the original project or program.
- B. The property shall not be encumbered without the approval of the Federal awarding agency or the pass-through entity.
- C. The property may only be used and disposed of in accordance with the provisions of the Federal awarding agency or the pass-through entity and Policy 7300 and Policy 7310.

chrissypie.com chrissypie.com chrissypie.com

D. Property records shall be maintained that include a description of the property, a serial number or other identification number, the source of funding for the property (including the FAIN), title entity, acquisition date, cost of the property, percentage of Federal participation in the project costs for the award under which the property was acquired, the location, use, and condition of the property, and ultimate disposition data, including date of disposal and sale price of the property, in accordance with this policy.

E. A physical inventory of the property must be taken and results reconciled with property records at least once every two (2) years, in accordance with this policy.

F. A control system shall be developed to provide adequate safeguards to prevent loss, damage, or theft of the property. Any such loss, damage, or theft shall be investigated.

G. Adequate maintenance procedures shall be implemented to keep the property in good condition.

H. Proper sales procedures shall be established to ensure the highest possible return, in the event the District is authorized or required to sell the equipment/property.

I. When original or replacement equipment acquired under a Federal award is no longer needed for the original project/program or for activities currently or previously supported by a Federal awarding agency, and except as otherwise provided by Federal statutes, regulations, or Federal awarding agency disposition instructions, the District shall request disposition instructions from the Federal awarding agency if required by the terms and conditions of the Federal award. Disposition of the equipment shall be made in accordance with the provisions of 2 C.F.R. 200.313.

Mr. Schreiter,

I request that the Board meeting 2/12/202 meeting notes be released immediately based on Jeff Fleig's agenda and discussions based on technical issues. This can be done by making the statement on notes that minutes are pending approval at future meeting.

It is always interesting to hear the individuals of public open discussion and resignation/retirements, and Jeff Fleig reactions.

If I need to request with a FOIA request, please accept this as a request if needed.

Sincerely,

Wayne Wilson

Hello Mr. Saveon,

Under the Wisconsin Open Records Law, §19.31 et seq., I am requesting an opportunity to inspect or obtain copies of public records requested below.

Based on recently discovered information contained in the two-contracts provided by you, the contract outlines the process that the Board and Superintendents Performance process are to follow and should be used. See attached.

It has also been told to me that there is an actual document that the Board uses to gauge performance.

Based on the attached response from the FDLSD Board President it is truly hard to believe that there is no documents, emails, and notes from the closed meetings when Jeff Fleig's performance was discussed. The meeting should be documented.

I'm requesting the following:

1. Performance related information provided to the Board and Board provided to Jeff Flieg for 2021-2022 and 2022-2023 years. documents, emails, and notes from the closed meetings related to the performance of Jeff Fleig.
2. Document created by the Board to use for the Superintendent performance reviews.
3. District score board and district plan mentioned in Mr. Schreiter response.

Looking at the below case and case law, this is the justification to respond to the FOIA request and respond with the information requested.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$25.00.

However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the high percentage of turnover compared to the state and national averages. This information is not being sought for commercial purposes.

I would request a response in writing, within the 10 calendar days described by law, if you intend to deny this request. Also, if you expect a significant delay in fulfilling this request, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

I will look forward to receiving all of the records pertaining to items that would normally be located in actual folder and/or computer files. This would be based on District policies and processes. All information should be easily located and sent to me the requester.

I appreciate your prompt response,

Sincerely,

Wayne Wilson

Base on your response to the last FIOA request with an estimate of \$515.00 to locate the records, I feel this is strategy to hinder receiving the FOIA request based on your personal relationship with Margaret Black. This FIOA request should be a very basic task to locate the items I have requested. I believe that if it takes \$515.00 in pay and benefits using the lowest paid employee that is able to perform this task to handle this basic task then there needs to be an audit of the office practices. Dear Ma'am or Sir,

Under the Wisconsin Open Records Law, §19.31 et seq., I am requesting an opportunity to inspect or obtain copies of public records requested below.

**Reference: BLACKBLACK AND ASSOCIATES, L.L.C.**

**Registered Agent** MARGARET M BLACK  
**Office** 18590 SAINT ANDREW LN  
UNIT C  
BROOKFIELD , WI 53045

**1. Any and all information related to contracts between FDLSD and the referenced above Wisconsin registered business or Margaret (Peggy) Black Registered Agent.**

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$25.00.

However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the how the District Admin. administers these types contracts including purpose, outcomes, and cost. This information is not being sought for commercial purposes.

Base on your response to the last FIOA request with an estimate of \$515.00 to locate the records, I feel this is strategy to hinder receiving the FOIA request based on your personal relationship with Margaret Black. This FIOA request should be a very basic task to locate the items I have requested. I believe that if it takes \$515.00 in pay and benefits using the lowest paid employee that is able to perform this task to handle this basic task then there needs to be an audit of the office practices. Below is references obtained use the Wisconsin Public Records Law Compliance Guide.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$25.00.

However, I would also like to request a waiver of all fees. The disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the overall understanding companies conduct business with the Fond du Lac School District. This information is not being sought for commercial purposes.

I would request a response in writing, within the 10 calendar days described by law, if you intend to deny this request. Also, if you expect a significant delay in fulfilling this request, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

As always, feel free to contact me if you have any questions.

Thank you for considering my request.

Sincerely,

Wayne Wilson
