

Job Title: Business Consultant

Job Location(s): Eastern Caribbean Islands: Anguilla, Antigua, Dominica, Grenada, Guadeloupe, Martinique, Montserrat, St Kitts, St Lucia, St Martin, and St Vincent.

Job Description: Full-time.

Our Business Consultant will gather and organize information using industry sources in order to understand the customer's sales trends, strengths and weaknesses, and competitive environment. Develop and execute solutions with customer account manager in order to meet locally identified customer needs. Provide input to plans and strategies for a business unit, department, or project to satisfy internal client or external customer requirements. Define the customer/client base for your area of accountability. Determine the metrics for a business unit, department, or projects that are linked to customer satisfaction.

Consulting: Providing timely, specific information, guidance, and recommendations to help groups, managers, and others make informed committed decisions that will lead to sustainable impact.

Monitoring Information: Establishing and using ongoing procedures to collect and review information necessary to manage projects or ongoing activities.

Consumer Focus: Demonstrating understanding of how one's actions and/or work impact the Company's relationship with consumers.

Problem Analysis: Forming an opinion or making a decision through careful testing of assumptions and facts; taking action that is consistent with available facts, constraints, and probable consequences.

Business Planning / Rolling Estimate Process: Knowledge of business planning and rolling estimate processes and procedures. This includes applying forecasting techniques and skills to develop and evaluate business goals and strategies, analyzing information to derive insights and implications to initiate planning and/or re-planning, and controlling actual results versus budget.

Travel Required: up to 50%
