

FIP WARRIORS®

AS OF JUNE 1ST, 2024

FIP TREATMENT IS NOW AVAILABLE IN THE USA BY VET'S PRESCRIPTION

Do you have a sick kitty suspected of having FIP?
As always, FIP Warriors® is here to help!

Step 1

Schedule an appointment with your veterinarian for an exam and blood work - a CBC and Chem 17 panels are most helpful as are x-rays, ultrasound and FIP fluid sampling for testing if appropriate.

Step 2

Join FIP Warriors® 5.0 on Facebook for immediate help, treatment support and additional guidance:

<https://www.facebook.com/groups/fipwarriorsoriginal>

Step 3

Most kitties will benefit from injections at the beginning of treatment before moving to oral meds - work with your support team to start treatment immediately.
