3M™ Highly Reflective Bright White Granules

KEY PRODUCT BENEFITS

A complete solution

- 3M™ Highly Reflective Granules meet Title 24 and other reflective codes.
- These granules require no modification or overcoating treatments, allowing cap sheets to remain reflective, longer.
- With granule reflectance of at least 0.73, manufacturers can achieve accelerated aged reflectivity of 0.63 or greater (per CRRC Rapid Ratings).
- Made in and supplied from the USA.

Less dust

- 3M™ Highly Reflective Granules have low dust levels (a max of 1% under 150 microns) contributing to a safer and more economical working environment.

Help prevent staining

- 3M™ Highly Reflective Granules resist staining.
- Our stain resistance technology helps maintain reflectivity when subjected to weathering.
