FAITH IN ACTION

hands to serve, hearts to give

Fall is the season of change – the traditional time to celebrate abundance, express our gratitude for family and friends, and to reflect on joyful moments experienced during the year. It is a time to shift directions given less sunshine and warm days, more darkness; less busy-ness in our yards, more time indoors seeking comfort. Fall offers us time to find balance, reflect, prepare and celebrate.

Fall is also Stewardship Season!

During this Season of Stewardship, the Stewardship Team invites you to embrace this Fall season of change and take time to consider our progress as a faith community these past two years. We have spent time making *Ministry Possible* through our commitment to spiritual growth and **education**; increasing our connection to the greater Kenosha community through **service**, renewed relationships with each other and hosted fun **fellowship** opportunities at Lord of Life, and committed to **sharing our spiritual gifts and abundance** for our congregation's continued growth.

In the coming weeks, join the Stewardship Team in important conversations about all that makes Lord of Life a faithful and compassionate community. We will highlight our educational ministries, opportunities for service both inside our walls and in our community, and share how our gifts of abundance makes Lord of Life family such a special place.

This month, please watch for mail/email from the Stewardship Team with ways to share your intention for service and support; as a faith family we will share our intentions during All-Saints Worship Services on **Saturday, November 2nd and Sunday, November 3rd**.

Let's prepare for another season of blessings and continue using our

Hands to Serve and Hearts to Give.

Let's celebrate our **FAITH IN ACTION!**

Dear Beloved in Christ,

As the cool winds of autumn sweep through our neighborhoods, painting the trees with shades of gold, orange, and crimson, we are reminded of the beauty that accompanies change. Nature, in its wisdom, gently teaches us that change is not something to be feared but something to embrace. The seasons shift, and in the process, they reveal the grace and rhythm of God's creation.

Autumn, in particular, speaks to us in a profound way. It is a time when the world around us seems to prepare for rest, yet it does so in full splendor. The leaves, though falling, do not do so in despair. They fall in beauty, reminding us that even in letting go, there is something deeply sacred.

Our lives, too, are filled with seasons of change. Sometimes these changes are anticipated, and we welcome them with open arms. At other times, they come unexpectedly, leaving us feeling uncertain or unsettled. But just as the trees know when to shed their leaves, so too must we trust that God is at work in every shift and transition of our lives.

The changes we experience may take many forms—relationships, work, health, or even our spiritual journeys. We may feel the loss of things once familiar, and the uncertainty of what lies ahead may weigh heavily on our hearts. Yet, just as the trees will soon stand bare, waiting for the renewal of spring, we are invited to trust that new growth will come in our lives as well.

In the book of Ecclesiastes, we read: *"To everything, there is a season, and a time for every matter under heaven."* This wisdom reminds us that life is not static. Change is part of the divine plan, and within each season, there is purpose. Autumn teaches us that there is beauty even in endings and transitions. It whispers to us that God's presence is steady, even as the world around us shifts.

As a community of faith, let us walk together through whatever changes this season may bring. Let us encourage one another to find hope in the midst of uncertainty and to celebrate the beauty that can emerge from letting go. And most importantly, let us rest in the assurance that just as autumn gives way to winter and winter to spring, God's hand is guiding us, transforming us, and preparing us for the seasons yet to come.

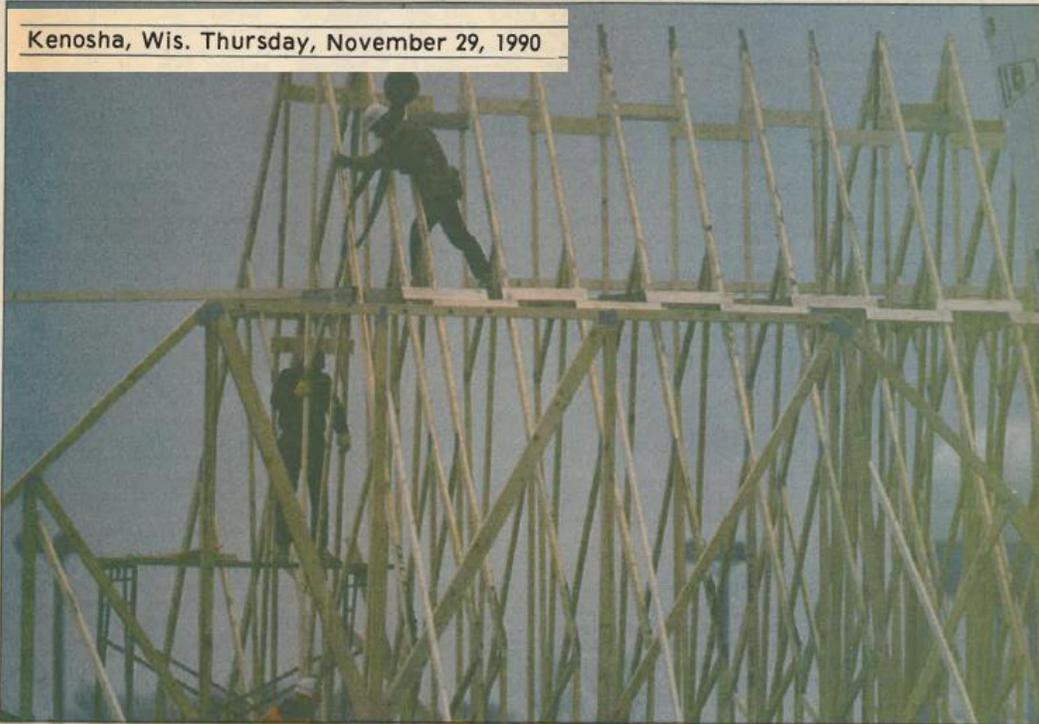

May this autumn be a reminder to all of us to trust in the One who never changes, even as the world around us does. May we find peace in His constant presence and joy in the beauty of the journey.

With grace and peace,
Pastor Chip

2025 will bring the 40th anniversary of Lord of Life!

We're working on a celebration to commemorate this milestone, and leading up to it we will share some history each month in our newsletter.

There is the church, there is the steeple ...

It will be five months before you can open the doors and see all the people at Lord of Life Lutheran Church. The church is being built on the southeast corner of Washington Road and Highway 31. The Rev. Jack Ottoson said the 6,500-square-foot church will

seat about 200 and will have classrooms, a multipurpose room and offices. Ottoson said the congregation, which has been meeting at Bullen Junior High School, 2804 39th Ave., began with 30 people in 1985 and has grown to 230.

Here's the church, but where's the steeple?

12-3-90

This is what is left of the steeple to the 6,500-square foot Lord of Life Lutheran Church being built on the southeast corner of Washington Road and Highway 31. An early morning storm Monday toppled the steeple and roof rafters. Kathy Ottoson, wife

of the Rev. Jack Ottoson, said this morning the congregation plans to re-start construction as soon as possible. She anticipates the storm damage will delay completion of the church by about a month.

Dear friends,

October has gently arrived and so has the cold and flu season. There are three immunizations available this fall and winter season to help the immune system fight major respiratory viral diseases such as Covid -19, respiratory syncytial (RSV) and influenza. The Center for Disease Control and Prevention (CDC) highlights that, based on age, pregnancy status, medical state and risk, group immunization delivers the best protection for lessening the risk of serious illness, hospitalizations, long-range complications and death. There can be vaccine side effects, but they tend to be minor and short-term.

The COVID-19 vaccine dosing is based on age, immune status and vaccine history. There are two brands that are offering the vaccine, Pfizer and Moderna at this time but Novavax will be coming soon. To protect against serious COVID illness or long COVID, ages 5 and older should receive one dose of vaccine to be current. There might be side effects from the vaccine such as a sore arm, low fever, and body aches.

RSV (Respiratory Syncytial Virus) is a familiar respiratory virus that usually causes mild, cold-like symptoms. Although little babies, toddlers and elderly can really get sick and be hospitalized with this virus. We saw an uptick of cases in older adults in southeastern WI last year. Parents, grandparents and pregnant ladies need to think about a prevention plan as this virus circulates this winter. The CDC recommends a vaccine for people 75 and older and for adults ages 60-74 with chronic illnesses. Early fall is a good time to get this vaccine before the virus season begins.

The INFLUENZA vaccine is a trivalent vaccine in the U.S.A. The trivalent flu vaccine protects against three flu viruses (an A(H1N1) virus, An A(H3N2) virus, and a B/Victoria virus. People 6 months and older can get the influenza vaccine unless advised otherwise by a health care provider. A FluMist has been approved to be given, by a health care provider, as nasal spray for people 2 through 49 years of age. FluMist has the same vaccine components but does have a weakened live influenza virus.

Remember if you have a fever or influenza cold-like symptoms stay at home until you are fever free. Pull out your masks if coughing becomes an issue to prevent spreading droplets. Always cover your mouth and nose with a tissue or elbow bend when sneezing or coughing. Wash your hands often with soap and water as you sing the happy birthday song for longevity and effectiveness.

Stay healthy, stay safe, I am praying for you!

Shalom,
