

BOTTLING EQUIPMENT

Our bottling equipment generally fits most bottles. To ensure that it will work with your packaging, we may ask for bottle drawings, measurements and samples prior to rental.

We rent commercial equipment for commercial winemaking.

Equipment is not available for rental during weekends and holidays.

All rentals are subject to our Rental Terms.

Customers are not permitted to transport pallet wrapper or corks. Contact us for transportation pricing.

To give you maximum use of the equipment, we deliver the day prior to your reservation start date and pick up the day after your reservation end date.

Mechanical Pallet Wrapper

Tighter wrap: less material used, less waste

Fast: wraps a pallet in approximately 1 minute

1 day - \$175.00 + Transportation Charge
2 day - \$332.50 + Transportation Charge
3 day - \$472.50 + Transportation Charge
4 day - \$595.00 + Transportation Charge
5 day - \$700.00 + Transportation Charge

Pallet wrap available at \$60.00 per roll (please request to be included with pallet wrapper, if needed)

Vacuum Corkers

Vacuum corks, single jaw, hand-operated

110V extension cord required (to be provided by customer)

Bottle measurements required at time of scheduling to ensure the correct equipment is selected.

The only products allowed to be used by the customer on corksers is alcohol spray for sanitation reasons. If any other products are found on the corker jaws or moving parts, customer will be charged cleaning fees to remove from equipment.

Handle units with care and review safety procedures with your staff.

**Sizes available (bottle measurements still required)
Jaws cannot be interchanged between unit stands**
