MARCH BREAK AT PEACE SCHOOL

We are excited to announce that registrations for March Break are now open! This year's theme, "Exploring Unique Animals," promises an engaging and educational experience for our young learners. From thrilling field trips to the aquarium and zoo, we have planned a week filled with activities to ignite their curiosity about the marvels of the animal kingdom.

Register your children now for a week full of excitement.

 Date: March 11 to 15,  Time: 9 AM to 4 PM

Secure their spot now:

As we bid farewell to January, we warmly welcome February with various celebrations. These moments allow us to express gratitude for the enriching experiences life has presented to us. On the final day of January, we took a moment to reflect on the positive moments from the past month. Now, let's embark on a journey of exciting events planned for February.

JANUARY FAREWELL AND FEBRUARY GREETINGS CELEBRATION

GIVING TUESDAY

LET'S PRACTICE GIVING AND GENEROSITY

Every Tuesday, we actively participate in the international project known as Giving Tuesday. Dedicated to spreading kindness globally, we engage in various acts of giving, whether through financial contributions to children-based organizations, dedicating time to community projects, or simply sharing smiles with those we encounter. What ideas do you have for Giving Tuesday?

MUSICAL EXPLORATION EVERY MONTH

In February, our focus is on introducing students to a variety of musical instruments through a creative and unique approach. Instead of traditional music classes, children will have the opportunity to explore different instruments. Each week, guest musicians will perform, showcasing their instruments and inspiring students to discover their musical preferences.

Our after-school programs offer diverse activities, including cooking, science, crafts, math, etc. The project-oriented approach makes our program unique, allowing students to choose and explore a project from different perspectives over time. These programs run Monday to Friday from 3:45 to 7 pm, providing students with a rich and engaging after-school experience.

AFTER SCHOOL ADVENTURES

FEBRUARY CELEBRATIONS

February is teeming with exciting national and international days and events. From Pizza Day to Dentist Day, we are thrilled to celebrate these occasions in our school community. To stay informed about the list of events this month, please visit the following link: [Canadian Heritage - Important Commemorative Days](#).

On February 17, let yourself be inspired by Random Acts of Kindness Day and spread joy to those you encounter. This day encourages people to perform good deeds and celebrate the pay-it-forward mentality. It serves as a reminder that engaging in acts of kindness brightens someone else's day and positively impacts our own. Being kind to others contributes to our happiness and prompts us to extend the same kindness to ourselves. Remember, kindness doesn't have to be grand; sometimes, even the smallest gesture can have the most significant impact.
