2 March 2022

Dear Sir/Madam,

Human Rights Advocates Australia have been approached by an extraordinary number of aggrieved and concerned parents, families, employees, and disgruntled members of the public regarding your school's continuous promotion of "Covid-19 vaccination, masks, sanitising and Covid-19 testing.

I refer to the *Charter of Human Rights and Responsibilities Bill 2020* (SA) ("Charter of Human Rights") which can be found via the following link:

[https://www.legislation.sa.gov.au/lz/path=%2FB%2FCURRENT%2FCHARTER%20OF%20HUMAN%20RIGHTS%20AND%20RESPONSIBILITIES%20BILL%202020\\_HON%20MARK%20PARNELL%20MLC](https://www.legislation.sa.gov.au/lz/path=%2FB%2FCURRENT%2FCHARTER%20OF%20HUMAN%20RIGHTS%20AND%20RESPONSIBILITIES%20BILL%202020_HON%20MARK%20PARNELL%20MLC)

I draw your attention to section 10 and section 23 of the Charter of Human Rights which are as follows:

**10—Recognition and equality before the law**

- (1) *Every person has the right to recognition as a person before the law.*
- (2) *Every person has the right to enjoy human rights without discrimination.*
- (3) *Every person is equal before the law and is entitled to the equal protection of the law without discrimination and has the right to equal and effective protection against discrimination*

**23—Education**

Every person has the right to education.

In my view the schools conduct in relation to promoting "Covid-19 vaccination, masks, sanitising and Covid-19 testing is contrary to the principles contained in section 23 of the Human Rights Charter read in conjunction with section 10 of the Human Rights Charter. In particular, the promotion of "Covid-19 vaccination" creates an environment that is fundamentally discriminatory and that is indeed the intent behind the promotion of this experimental, high risk, non-effective, medical procedure.

Our clients request that the schools [listed on pages 2-8] and its staff members cease promoting "Covid-19 vaccination, masks, sanitising and Covid-19 testing and generally cease providing information in relation to "Covid-19" that is not directly related to the children's ability to attend the school premises. It is not the role of the school to provide health information to the students, particularly when the information being provided is consistently, and inexplicably, changing and is strongly influenced by "political science" rather than "medical science".

This letter has been emailed to all South Australian schools [listed on pages 2-8] and other state-specific letters will follow. I think it reasonable for you to respond via email by COB Monday, 7th March 2022.

Yours faithfully,

**HUMAN RIGHTS ADVOCATES AUSTRALIA**
