

## **FOLA’s Northeast Regional Report for May 2021 Plenary**

Much the same as the rest of the province, the Northeast is dealing with the usual struggles from Covid19.

While the Civil court system has been severely impacted, Real Estate lawyers are busier than ever in our region. And if you think the price of 2x4’s are the only increase in the world today, Real Estate practitioners have had to deal with the 400% increase in price from DoProcess, Canada’s largest provider of real estate practice-management software.

In slightly better news, we received the support from our Northern Benchler, Jack Braithwaite, with regard to LIRN funding – a welcome vote of confidence for an important part of the practice of law in our smaller communities.

To all the members of the Northeast, and across the province, FOLA is doing great work in advocating for issues of concern. We are all looking forward to getting back to normal...and for us in the Northeast, to blackfly season.

Gord Prisco,  
FOLA’s Northeast Regional Chair
