

FENDER HOLSTER INSTALLATION INSTRUCTIONS

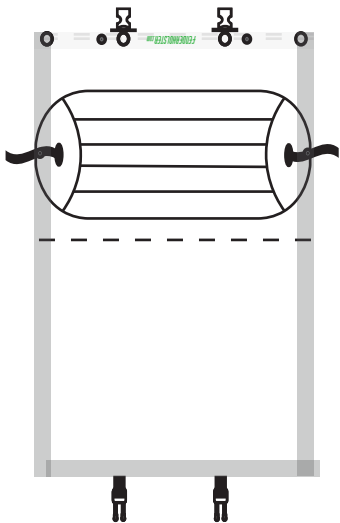

Step 1.

Take closed Fender Holster and position on dock to your liking (FENDERHOLSTER.com facing you).
Drill screws and washers into four (4) grommet holes.
Remove fender strap but keep buckles attached.

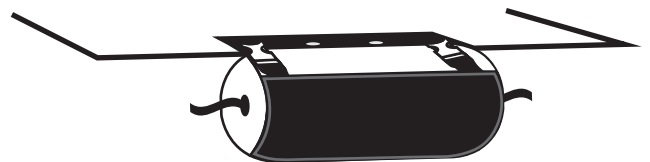

Step 2.

Feed strap (removed in step 1) through fender.

Step 3.

Unbuckle Fender Holster and place fender with strap onto Fender Holster. With fender placed onto Fender Holster, wrap Fender Holster around fender and reattach the buckles. Snap both ends of fender strap to snaps on either side of the Fender Holster.

Step 4.

Adjust straps to your liking. All done!
