Description

Quality construction from a timeless name of an era of American built motor yachts. The spacious three-stateroom design was considered ideal for her size. Master aft, with walkaround berth. Guest stateroom with twins. Forward stateroom with bunks. There's plenty of space for all cruisers. The wheel house is open to the saloon, with French doors leading to a roomy aftdeck sunroom. Don't forget the walk-in engine rooms. These twin 435hp Detroits will spin her in place, and the additional bow thruster makes it easy to pull up to any dock or slip. A classic!
