Broker's Comments

Chung Hwa Boatyard was regarded as one of the more experienced Taiwan builders with a handful of successful models sold in the United States, this CHB 42 Sundeck being one of them. The vessel looks great and has been well cared by the same owner since October of 2020. The spacious layout is a must-see for anyone considering a vessel for The Great Loop (completed by a previous owner) with time-tested, easy to maintain Ford Lehmans. We've touched a lot of classic yachts, and are truly delighted to have this listing.
